WANTED

Direct Professional Pro

Nov. 20th, 1888, at the residence of the brite's parents, by the Ber. tico, P. Moore, Mr. Gileo S. Sturp and Mus Cathurine J. Cochran, all

At the Hunterwille Hotel, West neaday morning thee, 5th, Mr. L. M. McClintic and Miss Allie Bla-ven were quietly united in the hobonds of matrimony; Rev. Wm. Price afficiating. The attendants were Miss Min

nie Gammon of Odessa, Mn. und Miss Lissie Ligon of Clover Lick, Mr. Hagry Patterson, of Hunters-ville and Dr. McClintic, of Estray.

The pride looked very sweet in a handsome costimute of tan colored shoth dahorately trimmed in gold-on brown plush and brown and

on brown plash and brown and green braid.

Miss Gammon was becomingly treased in an ofice green Ducksas sails, prentily frimmed in bronze green bugle braid.

Miss Ligno's costume was a dark

d blue with extensively ornaneuted with bronze toigle ornaneute. The groom and groomsmen were the conventional black dress suits, the conventional tones dress suite.

After partialing un excellent breakfast the bridal party presented to the hume of the greens, where a sphendid reception was held.

The bride is well known in section.

May their life to us bright eaths and service as their wedding day, and may prosperity and happiness and may prosper more attend them. As OBSERVER.

The Trus Home Life

From Good Bousekeeping

What is the central point of the What is the restrict point of the food in the cold are of the more life? In not this the question which we should each, as home builders, sak ourselves? What are builders, sak ourselves? What are the things of all that we do, daily, weekly, or returning in their appointed lime, which are only not posited lime, which are only not necessary, but are harmful to life true bouse life? It may be that the improvement of the life in life in the life in life in the life in life in the life in life in the life in life in the life in life in the life in life in life in the life in the life in l only reason for doing extain things is because the proceeding generation has done the same things, and that, too, in very mechanical ways. A mather holds her first child white it shoups upon her lap; it because surrounded to it. If then she grows stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet down to be some stronges also must be yet as the critical sources to take its appe. The mother is wurn unt in her efforts to do the work and quiet the cries; so she carries the child shown in her surround to it. And above his name where arms, it is show to write. She because the fasty, even. Her second this legand, which had been written for the sole of the word has been surrounded to the surrounded the room the took it out and grand all the proper to see, appeared this legand, which had been written for the sole of the word has purposes and twent several children. All through these several children. All through these several children. All through these several children. All through the several the must be seed to marry Rind, and it hereby fall.

Morra avarum.

Morra avarum.

Morra avarum.

Morra avarum.

Morra avarum.

An intended conquers to a his wife from the beautiful to the large fall to be large fall.

An through the several children. All through these several children. All through these several children. All through these several children. All through the several children. All through the several children.

All through the several children.

All through the several children.

All through the several children.

All through the several children.

All through the several children.

Mor

This mother does non-essential she sank to rest on her pillow. If the god him four There have tooked food, dane. Her mostad growth steeped she to many dieks kiesing and leng ago, size for the time when the many dieks kiesing and sluthering over me for the lest five families about their little a lumble and get a sure grip on dieks kiesing price and their little stockes, and also for the mother one. The latter than the mother of the latter than the little stockes, and also for the mother one. The latter than the mother of the latter than the mother of the latter than the little stockes, and also for the mother of the latter than the mother of the latter than the l stander, and also for the mother who has let the knowledge of her grithood shy from her, and has not added to a her for hereaft and family! What is more becutiful to see these great some and daught to see these great some and daught to see these great some sould deep the result and family! What is now becutiful to see these great some sould deep the result and the see these great some sould deep the result and the see these great some sould deep the relation to see these great some sould deep the relation to see these great some sould deep the relation to see these great some sould deep the relation to see the great some sould deep the relation to see the great some sould deep the relation to the relation to see the great some sould be forced the relation to the first sould weak was right?

Sometimes it is flavough suffering only has a visitual beautiful to be forced quiet that she pees man electry things which so not here thing the bones life. After her experiment is considered, and missed for the bones life. After her experiment is considered, and missed planned some the soul that there are some should do write the strength, she can the thing which is still left to be.
